*Discover Your Passion. Design Your Future*

**MIT-WPU**

# Summer School 2026

*Discover Your Passion.  
Design Your Future*

Step into the vibrant academic environment of **MIT World Peace University, Pune** through the **Summer School 2026**, a specially designed experiential programme for high school students.

This immersive **6-day programme** allows students to explore future careers, engage with expert faculty, experience university laboratories and studios, and build leadership skills while living the campus life. Whether your interest lies in **technology, design, artificial intelligence, or filmmaking**, this programme offers a unique opportunity to discover your passion and develop new skills.

## **Programme Highlights**

### **Structured 6-Day Experiential Learning Model**

Spend six engaging days on the MIT-WPU campus and experience learning beyond classrooms. The programme includes:

#### **The programme includes:**

- Academic learning modules conducted by experienced faculty
- Hands-on lab and studio exposure
- Mentorship and guidance from experts
- Real campus life experience
- Leadership, team-building and experiential learning activities

Students will not only learn new concepts but also collaborate, innovate, and develop confidence in a real university environment.

## Programme Schedule

Two batches are available for Summer School 2026.

**Summer School 1**  
**4 May – 9 May 2026**

**Summer School 2**  
**18 May – 23 May 2026**

*Seats are limited in each batch to ensure high-quality interaction and personalised learning.*

## Programme Fees

**₹15,000**

*(Without Accommodation)*

**₹20,000**

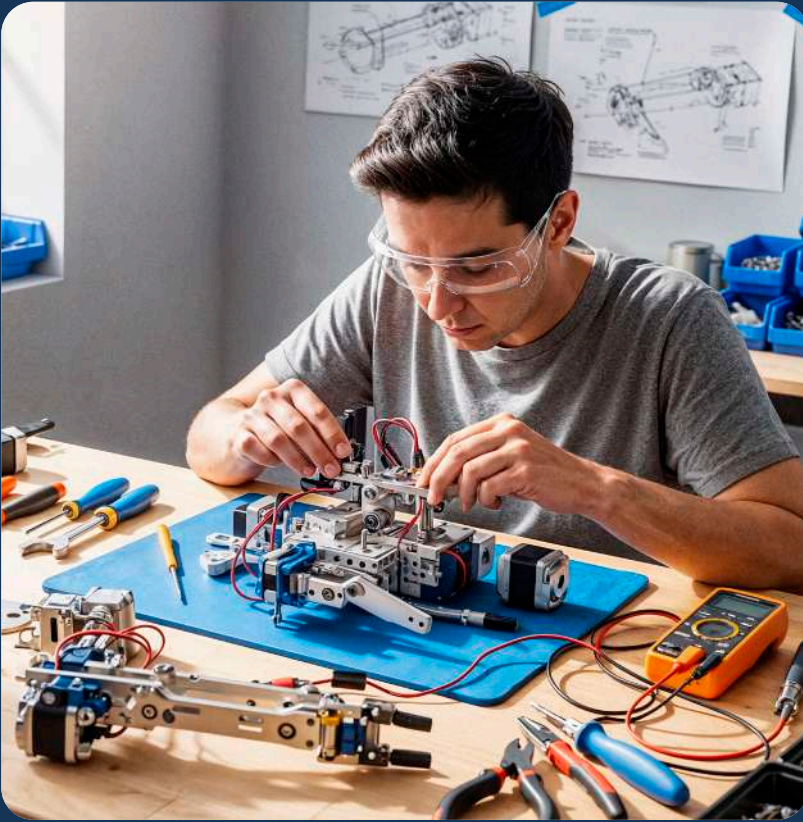

*(With Accommodation)*

## The Programme Fee Includes

- Academic sessions and workshops
- Campus activities and experiential learning sessions
- Certificate of Participation from MIT-WPU
- Accommodation (for residential participants)
- Meals during the programme

## Choose Any Two Learning Tracks

Participants can select two tracks based on their interests and future aspirations.

### 1. IoT and Robotics

Explore the exciting world of emerging technologies.

**Students will learn:**

- *Fundamentals of Internet of Things (IoT)*
- *Introduction to robotics systems*
- *Hands-on engineering activities and demonstrations*

### 2. Smart App and Chatbot with AI

Build a strong foundation in programming and digital innovation.

**Students will learn:**

- *Basics of application development*
- *Logic building and computational thinking*
- *Developing Smart Apps*
- *Building a Chatbot with Artificial Intelligence*

### 3. DesignX

Find Your Why, Discover the power of design thinking

Students will:

- *Understand how design thinking shapes everyday experiences*
- *Develop creative thinking and problem-solving skills*
- *Discover how design influences technology and innovation*

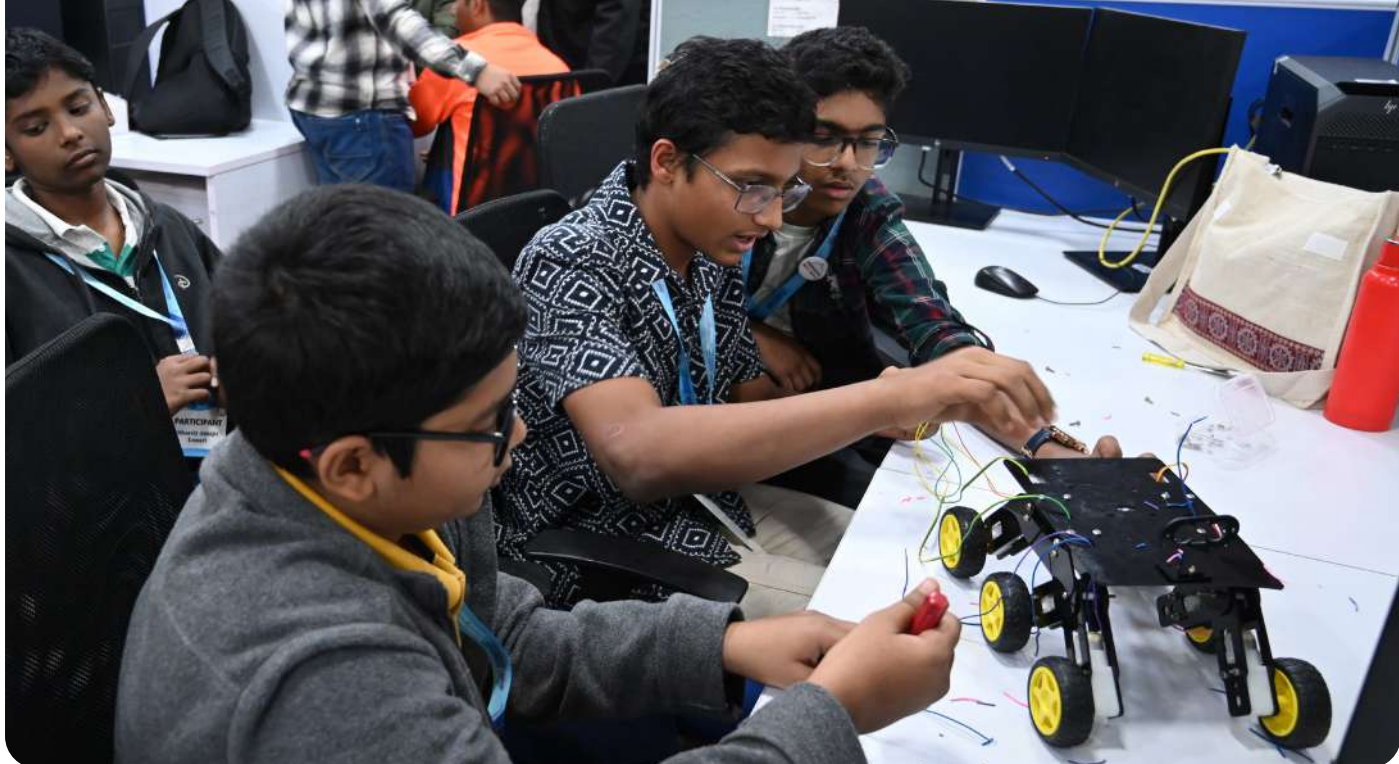

### 4. Cinema & Creativity: Script to Screen

Experience the journey of filmmaking:  
Imagine it → Write it → Film it → Screen it

Students will explore:

- *Storytelling and narrative structure*
- *Screenplay writing*
- *Basics of filming techniques*
- *The fundamentals of cinema production*

## Why Join MIT-WPU Summer School?

### Students will:

- Explore future career pathways before choosing a degree programme
- Experience real university laboratories and studios
- Interact with our experienced & learned faculty and mentors
- Develop leadership, teamwork, and communication skills
- Build confidence and creativity
- Collaborate with fellow students who share same curiosity

It is the perfect opportunity for students to discover their interests and experience university life before entering college.

## Who Can Apply?

Students from Class 9 to Class 12 are eligible to apply.

## Certification

All participants will receive a Certificate of Participation from MIT-WPU upon successful completion of the programme.

[Apply Now](#)

Seats are limited and will be allotted on a **first-come, first-served** basis. Take your first step toward discovering your interests and shaping your future.
